About Me

I am enthusiastic and inquisitive individual who is always eager to investigate the wonders of the world. My passion is accepting new challenges and gaining knowledge from each experience. Whether exploring the domains of technology, art, or nature, I take pleasure in the variety of life. With an open heart and a thirst of knowledge, I endeavor to make a positive impact and connect with like-minded individuals on this life-changing journey.

Experience

Video Editor UMDC

Oct 2022

Created and edited department opening videos for the school intramurals, ensuring high-quality visuals and presentation during the gym opening ceremony.

Video Editor/Designer UMDC

Feb 2023

Handled video editing and visual design for the school pageant, including countdowns and candidate background graphics displayed during the event

Capstone Project – UI/UX Designer UMDC

Designed and implemented a user-friendly interface for a medicine inventory management system, focusing on accessibility, responsive layouts, and intuitive navigation. Conducted user research and usability testing to streamline workflows for pharmacists and administrators.
